Lake Maud Association Board Meeting
October 17, 2026 (Zoom)

Dave Morinville, Jack Fitzpatrick, Tom Clow, Sue Livermore, Rick Dahl, Joe Zeleznik, John Amundson

Meeting called to order by Dave at 10:AM

Annual meeting minutes (June 20th, 2026) and Treasure's Report (October 12, 2026) were reviewed and approved. R&B has not billed us yet for water testing. Membership was down to 112 from 116 last year but our ending balances were up about $1500 to $18.258.54.

No old business

New business
Ditch Pick Up will be done on Saturday April 17. Volunteers meet at The Zoo at 9AM. The Spring Board meeting will be held Saturday April 17 at 11AM at the Zoo, immediately following the ditch cleanup. If the weather is bad we can postpone everything for a week.

Beach Cleanup will be held on Saturday June 12th with volunteers meeting at 8:00AM. Steve's Sanitation will work with us again. We need to have everything loaded by 11AM because the dump closes at noon. John Amundson agreed to pick up the metal again.

The 2027 Lake Association Annual meeting will be held at the Cormorant Community Center on June 19th. Discussion was held if the meeting was too early for members driving to the lake that morning. It was decided we would have coffee and rolls at 9:00 and business would begin at 9:30. We will order from Lakes Fika again this year to support one of our local businesses. Attendance was down in 2026 but we hope people will get used to it being a morning meeting.

Times for these 2027 activities were approved.

A subcommittee of Jack, Sue and Rick will work on reserving a speaker for the 2027 Annual meeting. We will use the survey taken at the 2026 annual meeting as a guide.

Sue will do research on Lake Maud gear, trying to find a company where people can order online and the clothing can be ready by the annual meeting. She will report by the Spring board meeting.

The meeting ended at 10:40AM.

Respectfully submitted, Secretary Sue Livermore
